**LIMITED WARRANTY/LIMITATION OF LIABILITY**

Dental Concepts warrants that all dental restorations are made according to Dentist specifications. We guarantee the restoration will fit die/cast model (provided adequate reduction of the prepared tooth has been accomplished according to the manufacturer's recommendations.) Subject to return of a restoration or implant abutment that has been placed and then fails, the lab will repair or replace the restoration or abutment without charge (\*restrictions apply) for the cost of materials and workmanship as follows: (1) all final fixed restorations for up to one year (2) Implant abutments – according to the outlines set by such implant company and (3) provisionals and all other auxiliary services for up to six months. The Doctor agrees to pay all other costs of adjustment, repair and replacement or restorations. The laboratory does not warrant that such restorations or implant abutments are fit for any particular purpose and if such disclaimer is not permitted by law, the duration of any implied warranty is limited to 90 days from the date of delivery.
